Message from the Chief

I would like to take this opportunity to welcome you to the Fort Lupton Police Department page on the City's website. Whether you are a resident, a businessperson or a visitor, we hope you will find the information on our page helpful. The men and women of this department are ready to assist you at any time, providing high quality police service to the community. Please visit often as we will be updating this site on a regular basis.

The employees of the Fort Lupton Police Department are committed to providing the highest possible level of police service to our community. The mission of the Fort Lupton Police Department is to provide "Exceptional Customer Service delivered with pride and professionalism."

I am extremely proud to lead the department that exists today. It is an organization made up of talented, devoted, and young aspiring professionals who want to see us do a good job of serving the citizens of Fort Lupton. I attribute this starting position to Chief Ken Poncelow, the supervisors he developed, and the officers that he hired and inspired.

We accomplish this mission by departing from a traditional incident-driven approach to policing and implementing a results-oriented systemic approach to the many problems that allow crime and disorder to exist and to grow. To this end, we have embraced a philosophy of policing known as Problem-Oriented Policing. Problem-Oriented Policing is an interactive process between police officers who work for the Fort Lupton Police Department and the citizens who either reside, visit or work in the City of Fort Lupton. We want to use this process to mutually develop ways to identify problems and concerns and then respond to these problems utilizing a wide range of methods and resources available from the police department, other government entities, or the community itself. Our overall goal continues to be working in partnership with our citizens through Community Oriented Policing to identify problems that impact the quality of life, to devise strategies to address those problems, and to work together to solve them.

Every one of our employees strives to provide an incomparable level of service. It is our daily challenge to provide a level of service that meets your needs. Please do not hesitate to let us know when we have met this challenge or where we may have fallen short in your eyes. I am committed to accountability at all levels, respect and honest communication with the community, and a desire to work with members of the public to enhance the quality of life that makes the City of Fort Lupton such a unique place to reside, visit and work.

I hope you find this page of the website both informative and helpful. If you still have questions or concerns, please feel free to contact us at any one of the many emails or the phone numbers listed.
